

Site Safety Checklist

Check applicable site, lease, yard or base conditions and record exceptions for follow-up.

Company: _____ Home base: _____

Record no. _____ Record revision: _____ Date / time: _____

Site / lease / project: _____ Job / dispatch: _____

Location / LSD / address: _____

Task / scope: _____

Supervisor / assessor: _____ Crew / contractor: _____

Units / equipment: _____ Related permits / procedures: _____

Area type: ☐ Construction ☐ Oilfield ☐ Trucking yard / base ☐ Other: _____

Site condition checks

Mark OK = verified satisfactory, ACT = action needed, or NA = not applicable. Explain ACT and NA on page 2 or a linked sheet. Blank checks remain unverified.

Check	OK	ACT	NA
Access, exits and emergency routes clear and identified			
Pedestrian routes, traffic flow and reversing controls in place			
Ground, roads, parking and walking surfaces suitable			
Housekeeping, waste storage and slip / trip hazards addressed			
Equipment guards, condition and inspection records checked			
Stored energy, pressure and isolation controls addressed			
Overhead / buried utilities and electrical hazards controlled			
Lifting zones and suspended-load exposure controlled			
Excavations, edges and work-at-height protection addressed			
Confined-space access controlled where applicable			
Atmospheric hazards / H2S monitoring addressed where applicable			
Flammables, ignition sources and firefighting access addressed			
Chemicals labelled and relevant SDS information accessible			
Required PPE and task controls in use			
Emergency, first aid, muster and rescue arrangements reviewed			
Spill prevention, drainage and waste handling addressed			
Lighting, weather exposure and changing conditions addressed			
Other crews, visitors and restricted areas coordinated			

Additional site-specific checks / attachment IDs: _____

Site Safety Checklist Follow Up

Record no. _____ Date: _____ Site: _____

Corrective actions and accountability

Link each action to a finding, checklist item or observation. Record interim controls and verify completion before closing the action.

Item / finding and required action	Owner	Due / priority	Verification and closure reference

Exceptions and outstanding conditions

NA reasons / unverified items / areas requiring further assessment:

Work / area status: ☐ No unresolved items identified within scope ☐ Restrictions remain

☐ Affected work on hold ☐ Further assessment required

Restrictions / interim controls: _____

Person notified / date / time: _____

Review and handover

Prepared / inspected by: _____ Role: _____

Signature: _____ Date / time: _____

Supervisor / reviewer: _____ Signature: _____

Review date / time: _____ Follow-up inspection / review due: _____

Handover to / acknowledgement: _____

Attachments / photo / incident / work order references: _____

Closure verification

☐ Actions remain open ☐ Actions verified closed ☐ See individual action records

Verified by: _____ Signature: _____

Date / time: _____ Verification evidence: _____

Use site and company procedures to assess findings and release restricted work. A completed form records the stated scope and observations; it is not a blanket authorization for all site activities. Preserve original signed records and link later corrections or closure evidence.
